CITY OF WINDSOR
EMERGENCY RESPONSE PLAN

PART A: INTRODUCTION

Emergencies are defined as a situation or an impending situation that constitutes a danger of major proportions that could result in serious harm to persons or substantial damage to property and that is caused by the forces of nature, a disease or other health risk, an accident or an act whether intentional or otherwise. They affect public safety, meaning the health, welfare and property, as well as the environment and economic health of the City of Windsor. The population of the City of Windsor is approx. 218,000 residents.

In order to protect residents, businesses and visitors, the City of Windsor requires a coordinated emergency response by a number of agencies under the direction of the Community Control Group. These are distinct arrangement and procedures from the normal, day-to-day operations carried out by emergency services.

The City of Windsor Emergency Management Program Committee developed this emergency response plan. Every official, municipal department and agency must be prepared to carry out assigned responsibilities in an emergency. The response plan has been prepared to provide key officials, agencies and departments of the City of Windsor important emergency response information related to:

- Arrangements, services and equipment; and
- Roles and responsibilities during an emergency.

In addition, it is important that residents, businesses and interested visitors be aware of its provisions. Copies of the City of Windsor Emergency Response Plan may be viewed at:

- City Hall;
- Fire Headquarters;
- City Libraries;
- The City of Windsor Website

PART B:  AIM

The aim of this plan is to make provision for the extraordinary arrangements and measures that may have to be taken to protect the health, safety, welfare, environment and economic health of the residents, businesses and visitors of the City of Windsor when faced with an emergency.

It enables a centralized controlled and coordinated response to emergencies in the City of Windsor, and meets the legislated requirements of the *Emergency Management and Civil Protection Act*.

For further details, please contact the Community Emergency Management Coordinator (CEMC).

PART C:  AUTHORITY

The *Emergency Management and Civil Protection Act* R.S.O. 1990, CHAPTER E.9 is the legal authority for this emergency response plan in Ontario.

The *Emergency Management and Civil Protection Act* states that:

> “Every municipality shall formulate an emergency plan governing the provision of necessary services during an emergency and the procedures under and the manner in which employees of the municipality and other persons will respond to the emergency and the council of the municipality shall by by-law adopt the emergency plan.”  [Section 3 (1)]

> “The head of council of a municipality may declare that an emergency exists in the municipality or in any part thereof and may take such action and make such orders as he or she considers necessary and are not contrary to law to implement the emergency plan of the municipality and to protect property and the health, safety and welfare of the inhabitants of the emergency area.”  [Section 4 (1)]

As enabled by the *Emergency Management and Civil Protection Act*, this emergency response plan and its’ elements have been:

- Issued under the authority of City of Windsor *By-law #98-2005* as amended and
a) **Definition of an Emergency**

The *Emergency Management and Civil Protection Act* defines an emergency as:

“A situation or an impending situation that constitutes a danger of major proportions that could result in serious harm to persons or substantial damage to property and that is caused by the forces of nature, a disease or other health risk, an accident or an act whether intentional or otherwise.”

The Emergency Operations Centre (EOC) can be activated for any emergency for the purposes of managing an emergency, maintaining services to the community and supporting the emergency site.

b) **Action Prior to Declaration**

When an emergency exists but has not yet been declared to exist, employees of the City, its Boards and Commissions may take such action(s) under this emergency response plan as may be required to protect property and the health, safety and welfare of the City of Windsor.

**PART D: EMERGENCY NOTIFICATION PROCEDURES**

The executive authority for the management and mitigation of a potential or declared emergency lies with the Community Control Group (CCG) as defined in this Emergency Response Plan and lead by the Mayor or designate.

Upon receipt of a warning of a real or potential emergency, the responding department will immediately contact the City of Windsor Fire Dispatch Centre, to request that the notification system be activated.

Upon receipt of the warning, the City of Windsor Fire Dispatch will notify the Fire Chief, or Deputy Fire Chief.

The above personnel will make the determination to consult with the C.A.O., and to activate the system. The Fire Chief or designate will notify Fire Department Dispatch to start the notification procedure as listed below.

Upon being notified, it is the responsibility of all CCG officials to notify their support staff and volunteer organizations.

Where a threat of an impending emergency exists, the CCG will be notified and placed on standby.
a) **Requests for Assistance**

Assistance may be requested from the County of Essex at any time by contacting the County Warden through the Essex County Community Emergency Management Coordinator, or neighboring Municipality, and contacting the Mayor of the said Municipality. The request shall not be deemed to be a request that the County or Municipality assume authority and control of the emergency.

Assistance may also be requested from the Province of Ontario at any time without any loss of control or authority. Requests for provincial assistance should be made through Emergency Management Ontario.

The Emergency notification contact list, including contact numbers for requesting assistance, is attached as **Annex A**.

b) **A Declared Community Emergency**

The Mayor or Acting Mayor of the City of Windsor as the Head of Council is responsible for declaring an emergency. This decision is usually made in consultation with other members of the CCG.

Upon declaring an emergency, the Mayor will notify:

- Emergency Management Ontario, Ministry of Community Safety and Correctional Services;
- City Council;
- County Warden, as appropriate;
- Public;
- Neighbouring community officials, as required (both Canadian and US);
- Local Member of the Provincial Parliament (MPP);
- Local Member of Parliament (MP).

A community emergency may be terminated at any time by:

- Mayor or Acting Mayor; or
- City Council; or
- Premier of Ontario.

When terminating an emergency, the Mayor will notify:

- Emergency Management Ontario, Ministry of Community Safety and Correctional Services;
- City Council;
- County Warden, as appropriate;
- Public;
- Neighbouring community officials, as required (both Canadian and US);
- Local Member of the Provincial Parliament (MPP);
- Local Member of Parliament (MP).
PART E: COMMUNITY CONTROL GROUP

a) Emergency Operations Centre (EOC)

The CCG will report to the Municipal Emergency Operations Centre located at 65 Elliot St East. In the event this operation centre cannot be used, then the alternate location will be the Police Station, 2696 Jefferson Blvd. In the event of an incident requiring an out-of-City alternate EOC this will be at the County of Essex Civic Centre, 360 Fairview Rd in the Town of Essex.

b) Community Control Group (CCG)

The EOC will be directed and controlled by the Community Control Group (CCG) - a group of officials who are responsible for coordinating the provision of the essential services necessary to minimize the effects of an emergency on the community.

The CCG consists of the following officials:

- Mayor of the City of Windsor or alternate;
- Chief Administrative Officer or alternate;
- Chief of Police or alternate;
- Fire Chief or alternate;
- City Engineer Representative or alternate;
- Medical Officer of Health or alternate;
- Community Development & Health Commissioner Representative or alternate;
- Emergency Medical Services (EMS) or alternate;
- Community Emergency Management Coordinator or alternate;
- Local electrical/water utility representative or alternate, if required;
- City Solicitor or alternate;
- Corporate Radio and Telecommunications Coordinator

Additional personnel called or added to the CCG may include:

- Emergency Management Ontario Representative;
- Ontario Provincial Police Representative;
- Liaison staff from provincial ministries;
- Any other officials, experts or representatives from the public or private sector as deemed necessary by the CCG.

The CCG may function with only a limited number of persons depending upon the emergency. While the CCG may not require the presence of all the people listed as members of the control group, all members of the CCG must be notified.
c) **Operating Cycle**

Members of the CCG will gather at regular intervals during the emergency to inform each other of actions taken and problems encountered. The Community Emergency Management Coordinator (CEMC) will establish the frequency of meetings and agenda items. Meetings will be kept as brief as possible and may be by electronic conferencing when appropriate and available thus allowing members to carry out their individual responsibilities. The CEMC Assistant will maintain status board and maps which will be prominently displayed and kept up to date.

d) **Community Control Group Responsibilities**

The members of the Community Control Group (CCG) are likely to be responsible for the following actions or decisions:

• Provide liaison with the Medical Officer of Health and local ambulance representatives with respect to hospital and medical matters, as required;
• Evaluating requests for the provision of medical site teams/medical triage teams;
• Provide liaison with the Ministry of Health, Long Term Care, and Community Care Access Centre as appropriate.

10. (a) **Long-Term Care Administrators or Alternate:** Will be required to assist with long-term care facilities.

10. (b) **Community Care Access Centre** as required for community contacts, rest homes, etc. and hospital discharge resources.

11. **Other Agencies**

In an emergency, many agencies may be required to work with the CCG. Others might include Emergency Management Ontario, Ontario Provincial Police, the Office of the Fire Marshal, industry, volunteer groups, conservation authorities, and provincial ministries.

c) **Relationship between CCG and Emergency Site Manager (ESM):**

Depending on the nature of the emergency, and once the ESM has been assigned, the CCG relationship with the ESM is to offer support with equipment, staff and other resources, as required.

The CCG will also ensure that the rest of the community maintains municipal services.

d) **Relationship between ESM, and command and control structures of emergency responders**

The senior representative for each emergency responder (police, fire, EMS, public works) at the site will consult with the Emergency Site Manager, ”so as to offer a coordinated and effective response”. Regular briefings will be held at the site and chaired by the Emergency Site Manager, so as to establish the manner and process by which response to the emergency will be provided.

**PART G: EMERGENCY CORPORATE RADIO SYSTEM (CRS) AND TELECOMMUNICATIONS PLAN**

**1.0 INTRODUCTION**

Upon implementation of the Emergency Response Plan, it will be important to ensure that communications are established between the emergency site(s) and the EOC. Also, communications may be required at various locations including evacuation centres, hospitals, and other key responding agencies.

Past disasters in Canada and the US have demonstrated that cellular networks and other public systems such as Mike, Blackberry and even the normal fixed telephone system, become rapidly overloaded and cannot be relied upon for critical communications.
between emergency management personnel. In addition, the public telephone network can be disrupted by the emergency itself.

In any major emergency the ability to effectively communicate between various emergency services and their Command Centers, relief organizations and evacuation facilities and with the Emergency Operations Center (EOC) becomes crucial. The most disaster resistant communications tool available to the City is the Corporate Radio System which is designed to Public Safety standards.

In a major emergency, in addition to the normal users of the Corporate Radio System, a number of other entities will be using the radio system, either as a prime communications tool or as a back up in the event of a failure of the public telephone system or of email. In addition it can be expected that the traffic of the Radio system from its normal users (such as, but not limited to, Police, Fire and ambulance) will increase significantly, as will the use of 9-1-1 and 3-1-1. The Corporate Radio System is designed to handle this additional traffic.

2.0 AIM

The aim of this Radio and Telecommunications Emergency Response Plan is to provide both operational staff and administrative staff with a tool to help maximize the efficiency of communications in a major emergency.

3.0 EMERGENCY RADIO AND TELECOMMUNICATIONS MEASURES TO BE IN PLACE AT ALL TIMES

In order to be able to meet the communications needs of a major emergency the following equipment in the quantities stated should be set aside by the Emergency Radio and Telecommunications Coordinator and dedicated solely to major emergency use:

- Non mission critical radios for EOC participants 12
- Additional Fire and Rescue mission critical radios 12
- Additional non mission critical radios for other Corporation of Windsor departments 12
- Headsets 12
- Additional radio batteries 30
- Additional radio battery chargers 30

All of the above Corporate radio system equipment shall be checked for full serviceability by the Emergency Radio and Telecommunications Coordinator or their staff on at least a monthly basis, including checking that the appropriate current channels and talk groups are programmed. The amateur emergency radio station should be similarly checked by the Amateur Radio Emergency Radio (ARES) Telecommunications Coordinator.

Plans are to be drawn up for the rapid distribution of all emergency radio equipment. This plan should include brief operating instructions and the emergency radio channels to be
used by each group and shall also include plans for the rapid deployment of all mobile repeaters by Fire and Police.

Plans are to be drawn up for the rapid cooperation on radio matters with adjacent jurisdictions including Detroit and Michigan and with the RCMP and OPP. This plan should include brief operating instructions and the emergency radio channels to be used by each group.

The Emergency Radio and Telecommunications Coordinator shall inform all users and potential users on a quarterly basis of the availability of this dedicated emergency radio equipment. Concurrently the radio distribution plan should be circulated. Emergency communications training exercise and major event participants may use this equipment. Any weakness or discrepancies in the emergency radio equipment thus identified will then be corrected.

4.0 EMERGENCY RADIO AND TELECOMMUNICATIONS MEASURES TO BE TAKEN WHEN AN EMERGENCY EXISTS BUT HAS NOT YET BEEN DECLARED

The Emergency Radio and Telecommunications Coordinator shall inform all users and potential users that an Emergency could be declared in the immediate future and will circulate the distribution plan and user instructions by e-mail.

All emergency radio equipment will be put on charge.

All accessories shall be checked.

5.0 EMERGENCY PLAN FOR THE CORPORATE RADIO SYSTEM AND FOR TELECOMMUNICATIONS

Upon implementation of the Emergency Response Plan, it will be important to ensure that communications are established between the emergency site(s) and the EOC. Also, communications may be required at various locations including evacuation centres, hospitals, and other key responding agencies. The radio communications responsibilities of the Community Control Group are given below.

Members of the CCG will gather at regular intervals during the emergency to inform each other of actions taken and problems encountered. Meetings will be kept as brief as possible and may be by electronic (CITYTAC talk-group) conferencing when appropriate.

5.1 The Emergency Radio and Telecommunications Coordinator

The Emergency Radio and Telecommunications Coordinator has the prime responsibility for emergency radio telecommunications during a declared emergency, with the assistance of the Executive Director of Information Technology and the Amateur Radio Emergency Radio Telecommunications Coordinator.
Other specific responsibilities are:

- Establishing and maintaining appropriate voice communications links, using the Corporate Radio System (CRS) infrastructure with the EOC and all CCG members requiring such service;
- Holding, issuing and maintaining CRS radios to all CCG members requiring them;
- Establishing appropriate radio interoperability with all relevant adjacent municipalities and with other Emergency services, making use of the interoperability plan;
- Ensuring that the radios issued have the appropriate talk groups;
- In conjunction with the director of Information Technology or alternate, providing training and advice on any radio and other telecommunications matters;
- Updating the Emergency CRS and Telecommunications Plan;
- Notify and liaise with the Fire and Rescue P.C. Analyst;
- Liaison with and direction to the Amateur Radio Emergency Radio (ARES) Telecommunications Coordinator.

The Emergency Telecommunications Coordinator is part of the initial Emergency Notification Procedure who in turn will call upon his contacts for further communications support, as required.

The Emergency Telecommunications Office is located in the office adjacent to the EOC. It is equipped with portable hand radios, battery back-up, two-way radio with the necessary channels to communicate with Police, Fire, EMS and the Ontario Fire Marshal.

Communications between the EOC and the other responding agencies, if necessary will be with the assistance of the EOC support staff.

5.2 The individual Communications responsibilities of the Other Members of the Community Control Group:
