

Learn the Sounds of Fire Safety™

Smoke and carbon monoxide alarms make different sounds:

BEEP

There's an emergency!
Get everyone out of the home immediately. Call **9-1-1** from outside.

CHIRP

A **single chirp** every 30 or 60 seconds means the batteries, or the alarms themselves, need to be **replaced**.

Get Loud! Test your alarms today and every month.

For more information contact your **local fire department**.
